EXPERIENCE

Hootsuite- Software Engineer
Fall 2015 | Vancouver, Canada

Worked on restructuring the front-end to a React, Flux and Immutable based architecture, and added support for user-facing features to the PHP back-end.

MappedIn- Product Designer
Winter 2015 | Kitchener-Waterloo, Canada

Redesigned major components & workflows of the venue management dashboard after conducting a usability review, and created a web style guide to achieve consistency across the product.

MappedIn- Interface Designer
Summer 2014 | Kitchener-Waterloo, Canada

Created visual designs for interactive wayfinding kiosks, redesigned the MappedIn mobile app, developed an internal tracking tool using AngularJS, and designed, developed & tested HTML emails.
